

## WHA Leadership Academy

The **Western Healthcare Alliance Leadership Academy** is designed as a high-impact, results-oriented program. This cutting-edge program focuses on management intensives around leadership, problem-solving, business, and collaboration. The Leadership Academy continues to deliver the tools that managers need to be successful leaders within their respective organizations. From leadership skills to communications skills, this is the one-stop-shop for your leadership needs.

**Who should attend?** Newly appointed managers or existing managers with leadership/performance goals, individuals with a demonstrated long-term commitment to their organization, individuals with high potential for future leadership roles, and existing managers looking to hone their skills or re-energize their role in the workplace. Featuring four full-day in-person classes and four WebEx sessions with world-class facilitators, these classes are guaranteed to take your leadership skills to the next level. Each academic year runs from September through May.

### Goals:

- **Leadership Skills**—developing internal leaders based on strategic vision and succession planning within your organization
- **Communication Skills**—focusing on the effective communications that are essential to great leadership, management, and patient safety
- **Management Skills**—supporting managers as they transition from transactional work to strategic managers who execute the vision of the organization
- **Business Skills**—focusing on the business of healthcare so that emerging leaders will understand their role within the context of the healthcare system

**Working together to strengthen  
the health of our communities**
